## FOREWORD

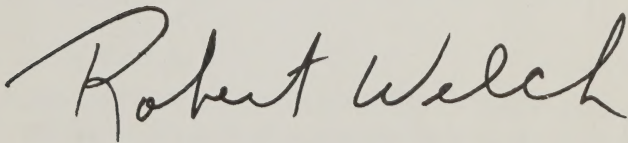

It is a pleasure to introduce the '76 - '77 edition of the KWIC Index to the Government of Ontario.

The Index is designed to give individuals, community groups and public servants easier access to Government information and services. Although the format is simple, you will be able to use the directory more effectively if you first take a few minutes to read the section "Tips on Using the KWIC Index".

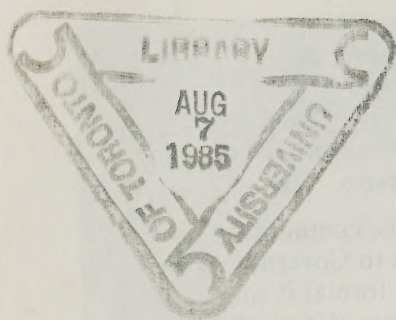

We are grateful to all the Ministries and agencies who cooperated by supplying information about themselves, and to the many users of KWIC '75 who made suggestions to increase the usefulness of future editions. These suggestions led to the addition of alphabetical page headings and an appendix listing regional and district offices in this edition.

I encourage you, once again, to contact the Citizens' Inquiry Branch (416 965-3535) with comments or suggestions for future editions of the KWIC Index.

## TIPS ON USING THE KWIC INDEX

The KWIC (pronounced “quick”) Index gets its name from the Key Word In Context computer system on which it is based.

### Key Words

To use the KWIC Index effectively, follow these steps:

- 1) Identify your area of interest: e.g. You want government financial assistance to develop your farm.
- 2) Select key words which describe your subject or area of interest, or words which may be connected: e.g. loans, grants, farm, subsidies.
- 3) Look up these words in the Index. After each word is a list of entries, each describing a branch or agency which deals with some aspect of the key word. Read through the entries and decide which one is most likely to deal with your area of interest.
- 4) If you can't find a key word in the Index, think of synonyms which may be listed.

Each entry under a key word begins with the Ministry and branch, or the agency name. These names are also key words, so you can find out what specific Ministries do by looking them up alphabetically by name. To conserve space, ministry names have been abbreviated. A list of these abbreviations follows.

### Telephone Numbers

All telephone numbers given in the body of an entry are in the 416 area code unless otherwise stated.

### Acronyms

Acronyms such as OHIP, OECA, are used throughout the Index. A list of these acronyms and their full names appears in Appendix A.

### Addresses

To write to any Ontario Government Branch or Agency, address your letter using the branch (agency) name, the ministry, Queen's Park, Toronto; for example, for general

information about admission requirements to Ontario's post secondary institutions, write to:

Information Resources Branch  
Ministry of Colleges & Universities  
Queen's Park,  
Toronto, Ontario.

### **Regional, District and Field Offices**

Many ministries have regional, district or field offices throughout Ontario for easy access to their services. Check Appendix C for the Ministry office near you.

### **Northern Ontario**

The Ministry of Natural Resources' Northern Affairs Branch coordinates government programs in Northern Ontario. When a government service is not available locally, Northern residents are advised to contact their closest Northern Affairs Office (see Appendix C, Ministry of Natural Resources) for Provincial Government assistance or information.

### **Ministerial Responsibility for Acts**

Appendix B lists the Acts administered by each Ministry.

### **Community Information Centres**

Many Ontario communities have community information centres which can give you information on how to contact all levels of government and local social agencies. Check your telephone directory or municipal office for local information centres.

### **Citizens' Inquiry Branch**

If after using the KWIC Index you are still unable to contact a source of information in the Ontario Government, please write or call:
